The advantages are not so much a clear roof, but

1. Do not slip when eating corn on cob, etc., as the leverage is not there.

2. Can be post in immediately after extraction—as there is no roof to hold them they so up with the game—siving a permanent fit you could not possibly get in any other pints.

4. Naturally they can be made to fit any mouth, as the roof—deep, shallow, fist—does not have anything to do with them.
